ZestPack

Stand Up Hermetic bag with Zipper

Specialized hermetic packaging solution designed for packing green and roasted coffee beans, available in 7.5Kg and 12Kg with Valve as option.

Available Sizes :

Product	Width (mm)	Height (mm)	Storage Capacity (kg / lbs)
Zest Pack 7.5	290	440	5 - 7.5 / 11 - 16
Zest Pack 12	400	495	10 - 12 / 22 - 26

FOOD SAFE

Made with food-grade raw materials and tested according to US FDA regulations, specifically 21 CFR 177 for safe use with food

OXYGEN AND MOISTURE BARRIER

Made with high-barrier materials, the bag effectively prevents oxygen and moisture ingress, which is critical for preserving the quality, flavor, and aroma of the coffee beans over time. It has best OTR and WVTR values

ECO-FRIENDLY MATERIALS

Our product is both recyclable and thoughtfully designed for reusability, ensuring sustainable practices and reducing environmental impact

DURABLE AND PUNCTURE-RESISTANT

The bag is constructed from durable materials that resist punctures and tears, ensuring that the beans are well-protected throughout the supply chain.

FLAT STAND-UP DESIGN

The bag features a flat bottom that allows it to stand upright, providing ease of storage and display. This design is particularly useful for both retail and bulk storage environments.

RESEALABLE CLOSURE

The bag includes a resealable feature as a zipper, allowing for easy access. This is particularly convenient for users who need to store the beans over a period of time.
